

Stewardship Education Program

First United Methodist Church of Brandon

Activity List

Level Three (Go the extra mile - Become a Facilitator / Class Leader - Choose one)

Education is continuous and what we learn is reinforced when we teach others. Here, you have the opportunity to apply concepts learned in the other levels and spread the word about God's way of handling your personal finances.

3-1. Lead a Crown Biblical Financial Study

Let Crown Financial do the heavy lifting of teaching the technical things during this 10 week in-depth study of what scripture teaches about money and possessions. Groups meet for 2 hours every week and include scripture memorization and interactive discussions. (Ideally, you would do this after successfully completing a Biblical Financial Study or FPU as a student.)

3-2. Lead a Financial Peace University Course

FPU is a 13 lesson (12-week commitment) in which you let Dave do the heavy lifting of teaching the technical parts while you lead the group through the Small Group Discussions. The Discussion questions and class outline is contained in a Coordinator's Guide. (Ideally, you would do this after successfully completing a FPU or Biblical Financial Study as a student.)

3-3. Lead a teen or college small group or "Generation Change" or "Discovering God's Way of Handling Money-Teen Version"

Be an adult mentor in one of these teen oriented small groups. You will get as much out of it as the youth.

3-4 Become a Crown Financial Coach

This is a certification that comes from Crown Financial which requires going through a course. Upon your certification, you would become a person put into the Crown Financial database and could be called upon from Crown Financial to do some Financial (Budget) coaching.
